Martha's Vineyard Community Services

"This is our watch, we whose life's work is meeting people where they are and helping them get to where they want to be. Here. Where on every ferry rides a microcosm of the bigger problems. In every family comes the issues of the modern world. In every heart comes a time when help can make the difference. Join us. In this special place. Because when each of us is fully all we can be, our community thrives."
